It is one thing to place an interactive fitness game in the classroom or PE area, it is quite another to develop a culture of fitness and engaged learning provided by the Generation FIT program. A small investment of a few hours before using the interactive game will return a priceless array of benefits (physical, mental and social) for your students.

Before you purchase your game stations and the Generation FIT training manual and DVD, you may want to fill out this form. Our team is available to support your implementation of this program. You'll be able to access the "Teacher's Community" section of our website with your Generation FIT login and password. You'll quickly learn how others:

- Fund their Generation FIT program
- Gain community partners and grants
- Increase fitness
- Engage the most challenged learners
- Develop leadership
- Develop workplace skills
- Reduce negative behaviors
- Increase academic success

1. How did you hear about this program?

2. What are your top three reasons for adding interactive games to your school or classroom?

3. What grades will be using this program?

How many students?

4. Will teachers be using the interactive games for fitness, weight loss and stress management?  
(see [www.revivenation.com](http://www.revivenation.com))

5. What team, collaboration, communication, social or leadership skills would you want to develop in your students via the generation FIT mentoring program?

6. What key fitness factors do your students need most?

7. How will rhythmic music making enhance your existing curriculum?

Or would you like to learn more about this topic? YES NO

8. Would your District be interested in in-service or other on site teacher training? YES NO

9. Do you participate in a "Read Across America" event or Scholastic Book Fair? YES NO

10. Would you like to learn more about our Guitar Hero literacy program? YES NO

11. Would you like to see the full research behind Generation FIT programs? YES NO

After you have completed the form please print and mail to: Generation FIT
